

VIRIDEON

TACTICAL SOLAR KIT

LIGHT - 600 WATT

Part No: BSV-SK-SYS-584L-000

FEATURES

- (8) 75 watt panels
- 2.7 kWh daily average solar output
- Lightweight shatterproof composite panels
- Key hole locking system for tool-less panel mounting
- Easy angle adjustment allows for manual solar tracking

MECHANICAL

- Maximum dimensions deployed: 10' x 5' x 4.5'
- Dimensions packed: 62" x 21" x 14"
- Wind rating: 70 mph
- Angle adjustment: 180 degrees
- Deployment time: 15 minutes

SOLAR PANEL SPECS

- Maximum Power: 600 Watts
- Max Power Voltage: 35VDC
- Max Power Current: 17.2A
- Open Circuit Voltage: 42VDC
- Total Area Module Efficiency: >19%

TRANSPORT

- Custom Hard Case: 62 x 21 x 14 inches

VIRIDEON

TACTICAL SOLAR KIT

SOLAR PANEL SPECS

- Maximum Power: 300 Watts / 600 Watts
- Max Power Voltage: 35VDC
- Max Power Current: 8.6A - 17.2A
- Open Circuit Voltage: 42VDC
- Total Area Module Efficiency: >19%

TRANSPORT

Hard Case: 62 x 21 x 14

ULTRA LIGHT - 300 WATT

Part No: BSV-SK-SYS-292U-000

FEATURES

- (4) 75 watt panels
- 1.4 kWh daily average solar output
- Lightweight shatterproof composite panels
- Key hole / locking system for tool-less panel mounting

MECHANICAL

- Maximum dimensions deployed: 6.25' x 5' x 4'
- Dimensions packed: 62" x 21" x 14"
- Wind rating: 70 mph
- Angle adjustment: 90 degrees
- Deployment time: 5 minutes

ULTRA LIGHT - 600 WATT

Part No: BSV-SK-SYS-584U-000

FEATURES

- (8) 75 watt panels
- 2.7 kWh daily average solar output
- Lightweight shatterproof composite panels
- Key hole / locking system for tool-less panel mounting

MECHANICAL

- Maximum dimensions deployed: 12.5' x 10' x 8'
- Dimensions packed: 62" x 21" x 14"
- Wind rating: 70 mph
- Angle adjustment: 90 degrees
- Deployment time: 10 minutes
